**Azitra to Present at the Biotech Showcase™ Annual Conference
on January 7, 2019**

FARMINGTON, CT, January 4, 2019 – Azitra Inc., a company developing microbiome-based therapeutics to treat skin diseases and conditions, today announced that Richard Andrews, President and Chief Executive Officer, is scheduled to present at Biotech Showcase™ 2019 taking place on January 7-9, 2018 at the Hilton San Francisco Union Square, San Francisco, CA. Azitra is focused on treating skin disease by combining the potential of the microbiome with state-of-the-art molecular genetics.

Details for the presentation are as follows:

Date: January 7, 2019

Time: 9:15 am PST

Room: Hilton/Franciscan D, Ballroom Level

Venue: Hilton San Francisco Union Square Hotel, 333 O'Farrell Street, San Francisco, CA

About Azitra

Azitra, Inc. is a clinical stage biotechnology company combining the power of the microbiome with cutting-edge genetic engineering to treat skin disease. The Company was founded in 2014 by scientists from Yale University and works with world-leading scientists in dermatology, microbiology, and genetic engineering to advance its consumer health and pharmaceutical programs to treat atopic dermatitis, dry skin and targeted orphan indications.
